JOURNEY TOGETHER: GROWING AS CH MINISTERS TOGETHER

This guided ten-session process equips a small cohort of youth ministry leaders from Region 9 to grow in self-awareness, spiritual depth, and leadership effectiveness. Through shared learning, reflection, and peer support, participants will identify personal and ministry goals, explore the marks of healthy leadership, and develop concrete practices for sustaining growth. Each session combines theological grounding, practical tools, and collaborative conversation—helping leaders clarify their calling, strengthen their skills, and nurture vibrant, Christ-centered youth ministry communities.
